## Digital Leaders

Dear Year 2 pupils

Ashbrook School is looking for digital leaders who are passionate about computing, support learning, and promoting online safety. Digital technology is a significant part of our everyday lives. We use technology throughout the day to access different parts of the curriculum. Therefore, ensuring that all our pupils grow into responsible digital citizens who can use technology purposefully and safely is of utmost importance to us.

We are looking for four digital leaders in Year 2 to take part in responsibilities involving:

- supporting and promoting online safety
- trying out new apps, websites, and programs that could be used in lessons
- demonstrating how to use technology in the classroom
- demonstrating everyday programs (e.g. Microsoft Word, PowerPoint) and easy-to-use websites to other pupils and adults
- Helping to produce assemblies on online safety and acceptable use of equipment
- Meet Mrs Begum once a month to discuss ideas, and suggestions to support digital technology across the school

## How to apply

We would like children to come up with a creative poster or slides to showcase their IT skills. Children can use apps on their iPads to demonstrate how they have used the different tools. Content elements should be a catchy title, a brief introduction about them, and their enthusiasm for IT, including an illustration or an image of anything they have created using digital technology – this can be something completed using a PC or laptop.

## Tips and guides:

- Colour schemes – vibrant colours to make it stand out
- Fonts – clear, legible forms
- Layout – Divide the sections of the poster to create a neat, organized look.
- Images – high-resolution images

Posters/slides can be emailed or printed and sent to [mbegum@ashbrookschoo.net](mailto:mbegum@ashbrookschoo.net) with a completed application form via the Microsoft link <https://forms.office.com/e/jeDBiriHZj>

The deadline for the application and poster is Wednesday 26<sup>th</sup> of March and the Digital leaders will be announced in assembly on Monday 31<sup>st</sup> of March.

Best of luck everyone

Mrs Begum
